

World Languages
Virtual District High School Academic Competition
Timeline Notes for DBHS Teachers

All 2021 Competition will take place virtually through the use of Teams and Canvas.
*I have submitted a registration form signing up DBHS (School #18) for participation at all levels for Spanish, French, and Japanese (Levels 1-4, AP, & IB), and even signed up for Spanish heritage speaker spots, in case there is interest. This includes ALL categories of competition. Only **2 students per level, per language** can compete in **declamation; no impromptu will be offered this year.** Please see the 2021 Competition Manual for details on changes to this year's competition.*

Thursday, January 14, 2021 Opening Ceremony (All levels via Teams)

- *Not sure what this will look like quite yet, whether this will be an event that will take place during or after school hours, and whether all language students, or just competitors, and teachers will participate.*

Friday, January 29, 2021 Final Registration Form

- *I will submit this registration form, but in the week leading up to this date, I will need your help with determining student commitments by language, level, and category (Please see manual).*

Friday, January 29, 2021 All posters, projects, new media and talents must be uploaded to the HS Academic Competition Canvas Course 2021 under the module **"HS Academic Competition Submissions"**.

- *Again, in the lead up to this date, I will need your help with this in collecting recordings and pictures of submissions for the above named categories. I will submit this work on your behalf. Details to come based on student participation.*

**Tuesday, February 16 –
Monday, March 1, 2021** **Competition**
(Declamation presentations via Teams, after school)

- *There is a designated appointment schedule for students competing in the "declamation" category that will take place during the dates noted above. I will give you and your students the schedule when it has been finalized.*
